Every year Dylon sponsors the 1st Year students of the Fashion Design Studio, Ultimo TAFE with their Dylon Colour Awards, which is part of the colour development curriculum. The challenge has a different theme each year and each student must start with a different fabric.

The challenge for 2007 was to design and produce a wearable garment inspired by The Hill Tribes of Asia., focusing not only on design and patternmaking but dyeing, colour and innovation texture. We can't feature every student who entered the competition so Australian Stitches Magazine will be profiling the individual students in selected issues.
